

**Question for written answer E-000469/2019  
to the Commission**  
Rule 130  
**Boris Zala (S&D)**

Subject: The situation in Yemen

According to the UN Office for the Coordination of Humanitarian Affairs, in Yemen, 22.2 million people are in need of some kind of humanitarian or protection assistance, an estimated 17.8 million are food insecure (8.4 million severely so), 16 million lack access to safe water and sanitation, and 16.4 million lack access to adequate healthcare. The World Food Programme has called the situation 'the world's worst humanitarian crisis'.

Following its adoption of a EUR 30-million programme to support vulnerable communities suffering the effects of prolonged displacement in Yemen, can the Commission:

- Provide some more detailed information about what the money will be used for?
- Outline what other direct actions it will take in an effort to resolve humanitarian crises in 2019?
- Explain how it intends to ensure that the programme funds will not be misused?
