Rule 130
Louis Michel (ALDE)

Subject: The European Fund for Strategic Investment

The European Fund for Strategic Investments is a success. The target of EUR 500 billion is about to be reached, and most of the projects are new. The 'SME window' of this European initiative, designed specifically for innovative small and medium-sized enterprises, is particularly important in helping to achieve greater social cohesion.

In the context of this Fund, is the Commission working to ensure that requirements such as improving employability and modernising training will be met?
