Rule 130
John Stuart Agnew (ENF)

Subject: European Border and Coast Guard Agency - standing corps

The European Border and Coast Guard Agency (Frontex) requests that staff and members of 'teams' be provided with executive powers and that these powers should be given at the discretion of the host nation.

Can the Commission list all the suggested 'executive powers' and advise how language compatibility will be managed? Can it also outline what these 10 000 extra personnel will be doing when not on assignment at the request of individual nations?
