Subject:     Need to raise awareness of EU achievements in Cyprus

One of the main reasons for the rise of the Eurosceptic parties has been a failure to highlight and raise awareness of major EU achievements in each of the EU Member States.

I therefore consider it important to place on record exactly what has been done for Cyprus over the five-year period from 2014 to 2019, so as to be able to present the facts to its nationals in an objective fashion.

In view of this:

1. Can the Commission say what action it is taking to help raise awareness of what Europe has done for Cyprus?
2. How can we obtain details of EU attainments over the last five years and, if possible, since the accession of Cyprus to the EU in 2004?
3. How can the EU help us to highlight and raise awareness of its achievements in Cyprus?
