

Question for written answer E-001714/2019
to the Commission
Rule 130
Rosa D'Amato (EFDD)

Subject: Staff recruitment by Campania Regional Council

The Campania Regional Council has now officially launched a recruitment scheme under a set of planning agreements with the local authorities involved.

Information regarding conditions to be met by applicants can be found on the Regional Council portal¹.

It is planned to recruit around 10 000 staff on open-ended contracts over a two-year period. Regional competitions for the various professional categories will be announced², at the end of which one set of regional rankings will be drawn up for each, providing a pool of potential recruits for the local authorities involved in the scheme³.

The cost of the scheme, around EUR 104 million, will be met by the European Social Fund (ESF) under the 2014-2020 Campania Operational Programme (OP) (EUR 4 million for implementation of the scheme, including the staff selection phase, and EUR 100 million for work experience grants and/or traineeships for those selected following consultation of the public investment assessment and verification body and the necessary contacts with the European Commission)⁴. Each participant will receive a monthly salary of EUR 900 in the first year and EUR 1 100 Sin the second year.

Can the Commission indicate which rules allow the use of ESF appropriations for recruitment purposes?
