Subject: EU equivalent to the US terrorist finance tracking program system

According to Article 2 of the Council Decision of 13 July 2010 on the conclusion of the Agreement between the European Union and the United States of America on the processing and transfer of Financial Messaging Data from the European Union to the United States for the purposes of the Terrorist Finance Tracking Program (2010/412/EU), 'if, five years after the date of entry into force of the Agreement, the equivalent EU system has not been set up, the Union shall consider whether to renew the Agreement in accordance with Article 21(2) thereof'.

Given that after nine years after the date of entry into force of the Agreement, the equivalent EU system has still not been set up, does the Council believe that the Commission should consult Parliament and the Council on whether they agree with the renewal of the current terrorist finance tracking program agreement before its upcoming renewal?
