Subject: Illegal migration and accession negotiations with Turkey

According to a Commission report, this year alone, around 70 000 people have entered the EU illegally from Turkey.

1. Turkey has been threatening for a long time to open its borders to allow refugees to enter Europe. Is the Commission not of the opinion that it is now time to end all accession talks with Turkey?
2. How is it possible that the number of illegal migrants from Turkey to the EU can increase by 46% in one year and no action is taken against this?
