

**Question for written answer E-000302/2020
to the Commission**

Rule 138

Viktor Uspaskich (Renew)

Subject: Establishing a minimum monthly child allowance of no less than EUR 150 throughout the
 EU

I am deeply concerned that monthly child allowances in the EU vary by more than 23 times. I would therefore like to propose the establishment of a minimum monthly child allowance of no less than EUR 150 throughout the EU. Harmonising child allowances would improve the economic situation of the most disadvantaged families and reduce social exclusion.

Would the Commission support such a proposal?
