

**Question for written answer E-000731/2020  
to the Commission**

Rule 138

**Viktor Uspaskich** (Renew)

Subject: The 2021-2027 EU budget following the UK's withdrawal from the EU

The Commission has put forward ambitious proposals for a modern EU budget for 2021-2027, reflecting the rapid evolution of innovation, the economy, environmental policy and geopolitics. The withdrawal of the UK from the EU will lead to a loss of revenue for the 2021-2027 budget, as the UK was one of the biggest contributors to the EU budget after deducting EU payments to the UK.

What measures will the Commission take to reduce the budget deficit after the UK's withdrawal?
