Subject: Use of ESF and ERDF in Belgium

As a result of the measures announced by the Commission on 2 April 2020 as part of the Coronavirus Response Investment Initiative PLUS (CRII+), there is scope for Member States to undertake a regional redistribution of the various cohesion funds.

1. Can the Commission provide an overview of the amounts that Belgium has actually received in the period 2014-2020 (as initially budgeted, together with the implementation rate) from the European Social Fund (ESF) and the European Regional Development Fund (ERDF)?
2. If applicable, can the Commission provide a breakdown of the figures on the above funds per region (Flemish Region, Brussels Region and Walloon Region) and/or per community (Flanders, French-speaking Community and German-speaking Community)?
