

**Question for written answer E-003224/2020
to the Commission**
Rule 138
Ruža Tomašić (ECR)

Subject: Impact assessment

Given the extremely ambitious targets set out in the Farm to Fork and Biodiversity strategies, I would like to know whether the Commission has carried out an impact assessment for each of the agricultural sectors concerning how these ambitious targets will affect the environment, the economy and social development, and whether that information can be made public.
