Subject: Order for payment procedure in connection with the work of private enforcement agents in Bulgaria

Further to a request received concerning the application, in violation of EU law, of an order for payment procedure in connection with the work of private enforcement agents in Bulgaria, can the Commission state:

whether minimum standards must be observed, in the Member States, in respect of the issuing of enforcement orders for debt repayment;

whether it is aware of the judicial procedures adopted by the Bulgarian Ministry of Justice in respect of applications for the issuing of enforcement orders and of its own orders; whether it considers these to meet the requirements laid down in the relevant EU legal instruments?
