Subject: Mobility Package I

Following the adoption by the European Parliament of Mobility Package I - in the form approved by the Council, despite the categorical and reasoned opposition of nine Member States, including Romania - I urge the European Commission to take urgent measures to remedy the resulting serious infringements of the Treaty on the Functioning of the European Union, the European Green Deal and EU economic recovery and climate neutrality objectives.

1. Will the Commission draw up a legislative proposal before the entry into force of the controversial provisions, which would effectively distort market competition, bankrupt much of the European transport sector, seriously undermine transport services and increase pollution levels?
2. Does the Commission consider it necessary to ask the Court of Justice to annul Mobility Package I on the grounds that it infringes Articles 26 and 27 of the Treaty on the Functioning of the European Union (internal market), Articles 34-37 TFEU (free movement of goods), Articles 56-61 TFEU (freedom to provide services), Articles 45 and 46 TFEU, Directive 2004/38/EC on the right of citizens of the Union and their family members to move and reside freely within the territory of the Member States and Regulation (EU) No 1782/2003. 492/2011 freedom of movement for workers within the Union?
