to the Commission**
Rule 138
Tudor Ciuhodaru (S&D)

Subject: Iași emergency hospital

The new Union Civil Protection Mechanism, involving the establishment of additional European medical, technical and logistical emergency treatment facilities for patients with critical injuries (burns, multiple trauma) in the Member States, is a necessary measure that was approved by Parliament on 16 September 2020 (report A9-0148/2020).

Can the Commission say whether the Iași emergency hospital will benefit from these arrangements?
