

**Question for written answer E-006320/2020
to the Commission**
Rule 138
Cindy Franssen (PPE)

Subject: Mainstream homelessness programmes

The European Commission announced the launch of a European homelessness cooperation platform before the summer. The objective of this platform is to assist Member States in their efforts to tackle homelessness. Many other European initiatives directly related to combating homelessness have also been announced recently, including the European Gender Equality Strategy, Child Guarantee, Roma Framework, etc.

Homelessness could also be drawn into these initiatives for the purpose of bringing it into the mainstream.

In view of this:

1. Can the Commission say how it intends to specifically include homeless in such initiatives?
2. How will the various related European policy initiatives be tailored to the European cooperation platform to ensure a coherent approach to combating homelessness?
