Rule 138

Francisco José Millán Mon (PPE)

Subject: Spanish Government applications to DG REFORM

The Directorate-General for Structural Reform Support (DG REFORM), created in January 2020, coordinates and provides tailor-made technical support to Member States through the Structural Reform Support Programme (SRSP). The objective is to help Member States build more effective public institutions and administrations to boost job creation and sustainable growth.

Has the Spanish Government applied for support from the SRSP, or has it applied to DG REFORM in any other way? If so, which areas of activity or reform were involved?
