

**Question for written answer E-007059/2020
to the Commission**

Rule 138

Tudor Ciuhodaru (S&D)

Subject: Extending testing to all cross-border travellers in the context of the new coronavirus strain identified in England

Does the Commission think that an EU Directive on extending testing to all cross-border travellers, followed by a minimum quarantine period of 7-10 days, could be a solution for stopping the pandemic?
