

**Question for written answer E-000885/2021  
to the Commission**

Rule 138

**Juozas Olekas (S&D), Magdalena Adamowicz (PPE), István Ujhelyi (S&D), Manuel Pizarro (S&D), Andris Ameriks (S&D), Valdemar Tomaševski (ECR), Sara Cerdas (S&D), Elisabetta Gualmini (S&D), Marek Paweł Balt (S&D), Barry Andrews (Renew), Andreas Schieder (S&D), Robert Biedroń (S&D)**

Subject: Implementing the EU4Health programme to ensure better health preparedness

1. An increase in the budget of the EU4Health programme will not only mean a greater capacity for action in the field of health, but also a greater responsibility. In the next seven years, we will see a proliferation in the number of initiatives funded by EU4Health. To this end, it is important to strive for a comprehensive, multisectoral and synergistic approach, while avoiding any duplications. Is the Commission planning to create a body that will assist the health task force in coordinating all health-related initiatives, including those funded by other programmes?
2. Will an established forum be set up where the relevant stakeholders could have their say and provide recommendations?
