Subject: COVID-19 support for Andorra, San Marino and Monaco

Since the start of the COVID-19 pandemic, the European Union has provided medical equipment and financial support to its partner states. Via the EU vaccine sharing mechanism and Team Europe, the EU is planning to ensure shared access to 2.3 billion vaccine doses.

1. Are the states of Andorra, Monaco and San Marino included in the EU vaccine sharing mechanism?
2. What is the overall COVID-19 support that these states have received from the EU, and what can they still expect?
