Rule 138

**Özlem Demirel** (The Left)

Subject:     Equipment and training for the security forces of Mali

In the last multiannual financial framework, several projects for supporting security forces in Mali were funded through the EU Trust Fund for Africa, the African Peace Facility and the Commission's foreign policy instruments.

1.   What equipment and training was supplied to security forces in Mali?
2.   Could you provide a list of the units, bases and security forces that received equipment or support, say when it was received and specify the type of support that was received (training, type of equipment etc.)?
3.   What human rights due diligence processes were put in place by the Commission for this support, if any?
