Subject: Training activities by EU Training Mission in Mali

Funded through the Athena Mechanism, the EU Training Mission in Mali (EUTM) has trained thousands of local security force personnel since its launch in 2013.

1. Since 2018, which units of the Malian security forces have received training by the EUTM, and when?
2. What 'due diligence' mechanism did the EUTM and the EU Council adopt in order to monitor the outcome of the training activities in terms of human rights and international humanitarian law?
3. Does the EUTM have a list of all the Malian security force personnel it has trained since 2018?
