

**Question for written answer E-002457/2021
to the Commission**

Rule 138

Özlem Demirel (The Left)

Subject: Measures in the context of the EU maritime safety strategy

According to the Action Plan on Synergies between civil, defence and space industries of 22 February 2021, the Commission intends, in the context of the EU maritime safety strategy, to adopt measures to enhance interconnection and information exchange between civil and military authorities through the maritime Common Information Sharing Environment (CISE). This also aims to enhance civil-military cooperation on maritime search and rescue.

1. What specific measures will the Commission take to enhance interconnection and information exchange between civil and military authorities under the CISE, and who will these be implemented by?
2. What does the new framework for a civil and military-oriented shipbuilding industry consist of, and who is involved in this?
3. How does the Commission intend to enhance civil-military cooperation on maritime search and rescue, and who has been tasked with this?
