

**Question for written answer E-002586/2021
to the Commission**

Rule 138

Chris MacManus (The Left)

Subject: Climate change budget

1. Can the Commission state which EU funds, that are planned for the next budget period, will allow Member States to access funds in the form of loans or grants to help in the fight against climate change and, in the case of Ireland, outline the relevant allocations or level of potential funding available for the period?
2. Can it outline, in broad terms, the conditions related to each element of potential funding (for loans or grants)?
