Rule 138
Nicola Beer (Renew)

Subject: EU financing of antisemitic Palestinian textbooks

This week, a long outstanding study on Palestinian textbooks was leaked and partly published in the German newspaper *BILD*. This leak proves that a high level of incitement against and hatred of Jews is deliberately taught by the Palestinian Authority, which receives money for its educational sector from the EU PEGASE programme.

1. When will the Commission publish this study, and in particular, when will it make it accessible to Parliament and the Chair of the Working Group against Antisemitism?
2. What action does the Commission intend to take based on the findings of this report?
3. Will the findings of this report have consequences for the overall external financing structure, with a particular focus on the misuse of funds by partner organisations (e.g. Islamic Relief)?
