

**Question for written answer E-003951/2021**  
**to the Commission**  
Rule 138  
**Roman Haider (ID)**

Subject: Family benefits under Regulations (EC) No 883/2004 and (EC) No 987/2009

The Commission receives annual data from the Member States on the family benefits provided under Regulations (EC) No 883/2004 and (EC) No 987/2009. This data, though, does not appear to be publicly available. All that gets published is a summary report of limited informative value, such as that from 2019<sup>1</sup>.

1. Does the Commission intend to disclose Member States' 2020 data in full, and to do so retroactively for all data submitted since 2010?
2. Does it intend to publish future reports submitted by the Member States in full?
