Subject: Impact analysis of the 'Farm to Fork' strategy

The 'farm to fork' strategy is one of the core components of the Green Deal: 'The Farm to Fork Strategy is at the heart of the European Green Deal aiming to make food systems fair, healthy and environmentally-friendly.'¹ It is therefore all the more astonishing that there has been no impact analysis of the 'farm to fork' strategy to date.

1. Why has there not yet been an impact analysis of the 'Farm to Fork' strategy?
2. When does the Commission intend to carry out an impact analysis of the 'Farm to Fork' strategy?
3. What steps will the Commission take in order to carry out an impact analysis of the 'Farm to Fork' strategy as soon as possible?
