Subject: Nature of relations between the Commission President and Atlantic Council, Pfizer and Biontech

Commission President, Ursula von der Leyen, has received an award from the Atlantic Council, a US NGO that supports US foreign policy and seeks to consolidate US hegemony across the globe. During the award ceremony, the Commission President could be seen to be on very friendly terms with the CEO of the pharmaceutical company Pfizer, which is raking in billions from Corona vaccines. This gives rise to suspicions of a conflict of interests.

1. How many meetings has the Commission President had with Atlantic Council since the beginning of this parliamentary term?
2. What is the exact nature of the relationship between the Commission President and Pfizer?
3. How many meetings with the CEO of Pfizer has the Commission President had since the beginning of this parliamentary term?
