

**Question for written answer E-005400/2021  
to the Commission**  
Rule 138  
**Filip De Man** (ID)

Subject: Global Gateway

With much fanfare, the Commission has announced the launching of the Global Gateway project, which will involve EUR 300 billion in investment. The announcement makes it clear that the focus will be on climate transition, the rule of law and human rights. The Commission has also announced that Global Gateway will ensure resilience in the face of natural and man-made disasters and hybrid and cyber warfare.

1. What specific roadmap has the Commission already laid down for the implementation of Global Gateway?
2. How will the Global Gateway project bring about strategic independence for the EU (from, for instance, China, the US and the Gulf States)?
3. What role does the Commission see for sovereign Member States in this project?
