Subject: Recovery plan operational arrangement

The Spanish Government and the Commission signed the operational arrangement for Spain's recovery plan on 8 November 2021.

The milestones and targets Spain must achieve to receive each instalment of funding from the Recovery and Resilience Facility are set out in the agreement.

For the second funding instalment, covering the first half of 2022, Spain must achieve 39 milestones and targets before 31 December 2021. The operational arrangement stipulates that an ex ante evaluation must be carried out for two of them, numbers 336 and 338 (included in component 23 on labour market reforms).

Has the Spanish Government presented the Commission with its ex ante evaluation of measures 336 and 338 of component 23, as required by the operational arrangement for the recovery plan?

If these evaluations have indeed been presented, will they be published, in the interests of transparency?
