to the Commission**

Rule 138

Özlem Demirel (The Left)

Subject: Request from Libya for logistical and technical assistance

The Libyan governments and interim governments, and/or ministries and authorities, regularly submit requests to the European Union for logistical and technical assistance. Such requests are considered under the coordination of the EU Delegation in Libya and by the relevant Commission services.

1. What logistical and technical support requests have been made to the Commission by the current Libyan government and its predecessors over the past five years, and which ministries and authorities were to be the intended beneficiaries of said assistance?
2. Which services of the Commission or of the EU Delegations have examined these requests and which other bodies have been involved?
3. What decision was taken with regard to the individual requests and what assistance was subsequently provided and in which cases?
