

**Question for written answer E-001894/2022
to the Commission**

Rule 138

Pierre Karleskind (Renew), **Stéphanie Yon-Courtin** (Renew)

Subject: Transporting fishery products

The Commission is due to publish a draft delegated act correcting Annex III to Regulation (EC) No 853/2004 of the European Parliament and of the Council on specific hygiene requirements for food of animal origin as regards fishery products, eggs and certain highly refined products, and amending Commission Delegated Regulation (EU) 2019/624 as regards certain bivalve molluscs. This delegated act is eagerly awaited by the European wholesale fish trade sector. Being permitted to transport fresh fishery products in tubs filled with water and ice will, in particular, help the sector overcome a serious supply issue and facilitate its logistics.

When will the Commission finalise and publish this delegated act?
