

**Question for written answer E-002033/2022
to the Commission**

Rule 138

Dolors Montserrat (PPE), Isabel Benjumea Benjumea (PPE)

Subject: Final implementation of financing received from the Recovery and Resilience Facility

Spain included in its 2021 national budget a budget entry of EUR 24.198 billion for the European recovery funds transferred through the Recovery and Resilience Facility (RRF).

In 2021 EUR 9 billion in pre-financing was transferred from the RRF to Spain and EUR 10 billion in the first financing tranche. A total of EUR 19 billion.

In its response to a request for information the Spanish Government only furnished figures on committed funds and authorised payments. The government's public accounts department (the Intervención General de la Administración Pública) stopped publishing information on final implementation, i.e. money received by end beneficiaries and that really has an impact on the economy and its productive fabric, on 31 August 2021.

Has the Spanish Government provided the Commission with information on the final implementation of financing received from the Recovery and Resilience Facility at 31 December 2021?
