Subject: Regarding the implication of 2022/0135 (COD) on the fight against terrorism

On 27 April 2022, the Commission presented a proposal for a regulation amending Regulation (EU) 2018/1806, listing the third countries whose nationals must be in possession of visas when crossing the external borders and those whose nationals are exempt from that requirement. The proposal would enable visa-free travel to the EU for Qatar and Kuwait nationals.

In the light of the above, I would like to ask the Commission the following:

What is its assessment of the proposal's impact on the fight against terrorism and terrorist financing?
