1. The external financing instruments for 2021-2027, notably the Neighbourhood, Development and International Cooperation Instrument (NDICI) - Global Europe, will support the implementation of the Global Gateway (GG) strategy, both through grants and leveraged funds obtained through the European Fund of Sustainable Fund Plus (EFSD+).

2. The GG Africa-Europe Investment Package is expected to mobilise at least EUR 150 billion (2021-2027) and comes under the EUR 300 billion Global Gateway Strategy that applies globally. The Commission will prioritise investments in strategic infrastructure in transport, energy, and digital in support of our partners’ efforts to accelerate the green and digital transformation and to increase trade and people-to-people exchanges. Additionally, emphasis will be placed on strengthening health systems and education systems, which is a key investment in youth and their future.

3. The Commission’s contribution to the initiative of Global Gateway will be funded predominantly under NDICI - Global Europe and the Instrument of Pre-Accession Assistance III. These figures are likely to grow as Global Gateway is currently shaping EU’s engagement with partner countries across the world.
