In addition to the seven Common Agricultural Policy (CAP) Strategic Plans approved on 31 August 2022, the Commission approved the Strategic Plans of Austria and Luxembourg on 13 September 2022\(^1\). The other Member States will follow soon. The Commission is finalising discussions with the remaining Member States with the aim of having all CAP Strategic Plans resubmitted by early October 2022, paving the way for their formal approval which takes approximately six weeks after resubmission.

Against this background, the Commission is confident that all CAP Strategic Plans will be approved before the end of 2022 and will therefore be ready to enter into force on 1 January 2023. The Commission is fully committed to assisting Member States in finalising discussions on all remaining CAP Strategic Plans as soon as possible. At the same time, the Commission aims to ensure that the final versions are compliant with the new CAP legal framework and with the expectations on the future CAP. The Commission will do its utmost to assure that all the Strategic Plans are complete and ambitious, that they work for the farmers in the present difficult economic context and that they comply with our long-term objectives, including environmental and social sustainability.

\(^1\) The publication of the final CAP Strategic Plans is under the responsibility of the Member States managing authority and shall be done within 6 months of the Commission decision approving the CAP Strategic Plan, as stated in Annex III of Commission Implementing Regulation (EU) 2022/129 in point 1.3. Given the recent approval of the Plans, most publications are still pending. So far only FR notified the Commission about the publishing of their approved Plan, a link to which can now be found on the Europa website: [https://agriculture.ec.europa.eu/cap-my-country/cap-strategic-plans_en](https://agriculture.ec.europa.eu/cap-my-country/cap-strategic-plans_en).
