Subject: European care strategy

On 7 September 2022, the Commission presented the European care strategy. The care strategy is a first step towards a stronger care sector in Europe.

It focused mainly on long-term care for older people and persons with disabilities as well as on childcare.

1. Is the Commission planning an expansion of the care strategy that will include psychiatric care, crisis care, short-term care and youth care?
2. How will the European Commission monitor the above care aspects in the different Member States?
