Subject: European tracking service for pensions

As more and more Europeans live and work in different EU Member States during their careers, it is crucial to keep a good overview of accrued pension rights.

With this in mind, the European Commission has already taken steps towards establishing a European tracking service for pensions (ETS).

1. Can you provide an overview of the state of play regarding the ETS?
2. How does the European Commission plan to finance the ETS?
3. Who will be responsible for coordinating it?
