Subject: European social security card

On 3 March 2021, the European Commission presented an action plan for the implementation of the European Pillar of Social Rights. This plan announced a European Social Security Card by 2023.

1. The Commission launched a pilot project on a European Social Security Card in 2021. Which countries are currently participating in the pilot project and what are the areas covered by the project?
2. The potential of a European social security card is enormous. Is the Commission investigating whether it could also incorporate the physical European Health Insurance Card in this new digital card?
3. When in 2023 does the Commission plan to present the European social security card?
