Subject: Occupational safety and health summit in 2023

On 28 June 2021, the Commission presented the EU Strategic Framework on Health and Safety at Work 2021-2027.

In it the Commission pledged to organise an occupational safety and health summit in 2023 that would involve the EU institutions, Member States, social partners, the EU-OSHA and other stakeholders.

The aim of the summit is to carry out a mid-term assessment of the objectives and make any necessary adjustments.

1. Has the Commission already set a date and venue for the summit?
2. How will the Commission organise the assessment in the context of the summit?
3. How are all relevant stakeholders going to be involved in the assessment?
