to the Commission**
Rule 138
Tomas Tobé (PPE)

Subject: Illegal Chinese police stations in Europe

According to the organisation Safeguard Defenders¹, the Chinese regime is operating 30 police stations within the European Union. The illegal police stations are being used to threaten and silence dissidents. These covert and unlawful police operations conducted by the Chinese regime in 13 EU Member States violate the rule of law, both in Europe and internationally, and may also violate the territorial integrity of those Member States.

1. What measures is the Commission taking to protect the European Union and its Member States from foreign influence and illegal activities on their territories?
2. What consequences will the Chinese regime's illegal activity in the European Union have for EU-China relations?
