Subject: European response to the US 'Inflation Reduction Act'

The Inflation Reduction Act (2022) includes extensive tax concessions for a number of sectors, infringes WTO rules and saddles European manufacturers seeking to export their products to the US with a competitive disadvantage.

1. What does the Commission think the impact of this law will be on European industry?
2. What measures will the Commission adopt to tackle inflation in the eurozone?
3. With what concrete measures does the Commission intend to support and anchor industry in the Union?
