

**Question for written answer E-000492/2023
to the Commission**

Rule 138

Moritz Körner (Renew)

Subject: RRF liabilities

What is the current level of official debt as a percentage of EU Member States' GDP, broken down by Member State? What is the current level of debt as a percentage of EU Member States' GDP, if all ARF liabilities of the Member States are added (direct loans and liabilities where EU own resources are insufficient), broken down by Member State?
