

**Question for written answer E-000495/2023
to the Commission**

Rule 138

Moritz Körner (Renew)

Subject: Fracking

1. Broken down by Member State, how much shale gas has been produced in the EU since 2000?
2. How much EU funding has directly or indirectly been spent on shale gas extraction in the EU to date?
3. What quantity of shale gas is recoverable in the EU and how would extracting this shale gas affect the import price of LNG from third countries?
