

**Question for written answer E-000753/2023
to the Commission**

Rule 138

Özlem Demirel (The Left)

Subject: Working arrangements to involve third countries in EUROSUR

In accordance with Regulation (EU) 2019/1896, third countries may be involved in the exchange of information within the European Border Surveillance System (EUROSUR). That can be done either on the basis of a working arrangement between Frontex and the third country concerned or on the basis of a bilateral or multilateral agreement between a Member State and a third country.

1. What bilateral or multilateral agreements have been notified to the Commission under which a third country can obtain EUROSUR data via a Member State, and what countries are involved in each case?
2. Since when have these working arrangements been in force and for how long do they apply?
3. Which working arrangements have been terminated or not renewed, and for what reasons?
