

**Question for written answer E-001350/2023  
to the Commission**

Rule 138

**Erik Poulsen** (Renew), **Morten Løkkegaard** (Renew), **Asger Christensen** (Renew)

Subject: Pharmaceutical legislation

1. The Commission adopted its strategy on the long-term competitiveness of the EU in March 2023. How will the Commission ensure that the Pharmaceutical Package and its revision of the pharmaceutical legislation is compatible with this new competitiveness strategy which aims to make Europe's economy more productive and competitive and thus foster open strategic autonomy for the EU?
2. Member States adopted a set of Council conclusions in March 2023 which urge the Commission to ensure that the new competitiveness strategy also strengthens incentives for investment in innovation for medicines. How will the Commission ensure that we future proof the EU's pharmaceutical legislation and ensure that innovation takes place in Europe in an increasingly competitive world?
