to the Commission**
Rule 138
Željana Zovko (PPE)

Subject: European Media Freedom Act

The proposal for the European Media Freedom Act was published by the Commission in September 2022. Its main objective is to ensure the independence and pluralism of the media. It also addresses the proper functioning of the internal market, particularly in the light of the digital transition.

1. Does the Commission intend to develop specialised measures and tools to monitor foreign influence on media service outlets in the Western Balkans, given that such influence can lead to the violation of media freedom and media pluralism?
2. What is the time frame for establishing the European Board for Media Services, and when will it begin acting independently?
3. What is the total budget set by the Commission for funding the Board's establishment and work?
