

**Question for written answer E-001638/2023
to the Commission**

Rule 138

Michiel Hoogeveen (ECR)

Subject: Final costs related to the Conference on the Future of Europe

The Commission, the Council and the Parliament sponsored the Conference on the Future of Europe, which concluded in May 2022. In March that year, I asked about these costs and I received the following answer regarding the Commission's contribution to the Conference (E-001271/2022):

'The Commission's contribution for the set-up and operation of the Conference Platform and for the organization of the Panels currently amounts to EUR 22 million.'

Can the Commission indicate what its total contribution was to the Conference on the Future of Europe?
