Subject: ESF+ and combatting unemployment

In the special report on ESF support to combat long-term unemployment<sup>1</sup>, the Court of Auditors recommended, inter alia, that the Commission evaluate the effectiveness of the 'access to employment' measures targeting the long-term unemployed funded by ESF+.

1. Has the Commission carried out this evaluation?
2. How does the Commission propose to implement the recommendations contained in the Court of Auditors' report?
3. How does the Commission intend to improve the effectiveness of the measures funded by ESF+?
