to the Commission**

Rule 138

Marian-Jean Marinescu (PPE)

Subject: Implementation of the Commission notice on well-functioning and sustainable local passenger transport-on-demand (taxis and PHV)

Despite the publication of the Commission notice on well-functioning and sustainable local passenger transport-on-demand (taxis and private hire vehicles) (2022/C 62/01), the current national and local rules that apply to ride-hailing services remain, for the most part, outdated, fragmented, non-proportionate and often harmful for drivers, passengers and platforms in the European Union.

1. What action is the Commission taking to encourage Member States to implement the notice?
2. Is the Commission in regular communication with all Member States with regard to the recommendations enshrined in the notice?
3. Will the Commission publish a report that provides an overview of how the market has evolved since the publication of the notice?
