

**Question for written answer E-002372/2023
to the Commission**

Rule 138

Gianantonio Da Re (ID)

Subject: Request for immediate activation of the Solidarity Fund for the province of Belluno hit by bad weather

In recent weeks, extreme weather phenomena have occurred in some provinces of the Veneto region, in particular Belluno. As a result of these phenomena, this entirely mountainous province has suffered a great deal of serious damage to crops and buildings, which has also caused significant economic and social damage, along with an increased hydrogeological risk.

In view of the above, can the Commission state whether it will provide suitable financial support to the above-mentioned province by immediately activating the European Union Solidarity Fund (EUSF)?
